1. Company Overview

CitrusV is a modern technology company that builds websites and web applications, delivers custom software, and provides end-to-end IT solutions—from design and development to hosting, maintenance, security, and digital marketing.

Our mission

Empower businesses with beautiful digital products, reliable IT infrastructure, and practical AI—so teams can focus on growth while we handle the technology.

Core values

- **Quality first** — Polished design, clean code, and dependable delivery.
- **Client partnership** — Transparent communication from discovery through support.
- **Innovation** — Citrus AI, free tools, and modern stacks that keep you ahead.
- **Accessibility** — Inclusive, responsive experiences for every user.

2. What We Do — Services

CitrusV helps customers build any software solution and grow through digital marketing. Our process: **Discover** → **Design** → **Build** → **Launch** → **Support**.

Service	Description
Website Development	Responsive, fast websites tailored to your brand and business goals.
Custom Software	Bespoke applications built to fit your workflows and scale with growth.
IT Solutions & Support	Proactive monitoring, help desk, and infrastructure you can rely on.
Cloud & DevOps	Cloud migration, CI/CD, and infrastructure as code for reliable delivery.
Digital Marketing	SEO, content, and campaigns that reach the right audience and convert.
Citrus AI Integration	Practical AI features embedded into your products and internal tools.

3. Partners & Clients

Acme Logistics (Transportation)

"CitrusV transformed our operations with a reliable platform our team uses every day."

Bright Health Co. (Healthcare)

"Their support and expertise helped us launch secure patient-facing tools on time."

Summit Retail Group (Retail)

"From e-commerce to inventory integrations, CitrusV delivered end to end."

Nova Financial (Finance)

"We trust CitrusV for scalable software and clear communication at every step."

Greenfield Manufacturing (Manufacturing)

"Custom software from CitrusV streamlined our shop floor and reporting."

Horizon Education (Education)

"A modern website and IT support that keeps our staff and students connected."

4. Careers

Why join CitrusV

We build meaningful products, use a modern stack, and invest in people who want to grow.

Benefits

- Competitive salary and performance bonuses
- Flexible remote and hybrid work options
- Health, dental, and vision coverage
- Professional development and learning budget

Open positions

Role	Location	Type	Department
Frontend Developer	Remote (US)	Full-time	Engineering
IT Support Specialist	Hybrid — Austin, TX	Full-time	Operations

Frontend Developer — Build polished, accessible web experiences with modern frameworks and collaborate with design and backend teams.

IT Support Specialist — Provide tier-1 and tier-2 support, manage endpoints, and help clients and staff stay productive and secure.

5. Website Pages & Navigation

Route	Page	Description
/	Home	Animated hero, services bento, featured tools, partner marquee, CTAs

/privacy	Privacy	Privacy policy
/terms	Terms	Terms of service

Header navigation: About · What we do · Tools · Citrus AI · Playzone · Careers · Book a call

6. Citrus AI

Citrus AI is a capable general-purpose assistant integrated into the CitrusV website. It supports streaming chat, powers AI tools (rephraser, captions, hashtags, bios), and helps visitors explore ideas while showcasing CitrusV's AI integration expertise.

- Real-time streaming responses via `/api/chat`
- Configurable OpenAI or compatible API (`OPENAI_API_KEY`)
- Graceful handling when API key is not configured
- Safety disclaimers and responsible-use messaging

7. Citrus Playzone

Snake (`/playzone/snake`) — Classic arcade snake — keyboard controls

Memory Match (`/playzone/memory`) — Flip cards and find matching pairs

Tic-Tac-Toe (/playzone/tic-tac-toe) — Play against the computer

Number Puzzle (/playzone/number-puzzle) — Slide tiles to solve the puzzle

8. Online Tools Library

88 tools across **17 categories** — **43 live**, **27 beta**, **18 coming soon**. Most tools run in the browser for privacy. Status labels are honest: coming-soon tools show a clear roadmap page instead of fake functionality.

Text Tools (7 tools)

Edit, analyze, and transform text in your browser.

Tool	Status	Slug
Online Clipboard	Beta	online-clipboard
Quicknote	Live	quicknote
AI Rephraser	Live	ai-rephraser
Word Counter	Live	word-counter
Text Compare	Live	text-compare
Case Convert	Live	case-convert
Line Break Remover	Live	line-break-remover

PDF Tools (7 tools)

Merge, split, extract, and convert PDF documents.

Tool	Status	Slug
PDF Merge	Beta	pdf-merge
Split PDF	Beta	split-pdf
PDF Text Extractor	Beta	pdf-text-extractor
eSign Document	Soon	esign-document
Protect PDF	Soon	protect-pdf
PDF to Image	Soon	pdf-to-image
PDF to Word	Soon	pdf-to-word

Image Tools (7 tools)

Resize, crop, compress, and convert images.

Tool	Status	Slug
Image to Text	Beta	image-to-text
Image Resizer	Beta	image-resizer
Crop Image	Beta	crop-image

Tool	Status	Slug
Image Compressor	Beta	image-compressor
Image Converter	Beta	image-converter
Background Remover	Soon	background-remover
Add Watermark	Beta	add-watermark

Video Tools (5 tools)

Download, trim, compress, and convert video.

Tool	Status	Slug

CSV Viewer	Beta	csv-viewer

Utility (5 tools)

Files, units, temperature, and time zones.

Tool	Status	Slug
File Compress	Soon	file-compress
File Share	Soon	file-share
Temperature Converter	Live	temperature-converter
Unit Converter	Live	unit-converter
Timezone Converter	Live	timezone-converter

9. Technology Stack

Layer	Technology
Framework	Next.js 15 (App Router)
UI	React 19 + TypeScript
Styling	Tailwind CSS v4
Animation	Framer Motion
Icons	Lucide React
AI	OpenAI-compatible streaming API
Fonts	Montserrat (Google Fonts)

Brand colors

Navy #0D2240 | Blue #1E90FF | Orange #FF8C00

10. Setup & Configuration

Local development

npm install → npm run dev → open http://localhost:3000

Environment variables (.env.local)

Variable	Purpose
OPENAI_API_KEY	Powers Citrus AI chat and AI-powered tools
OPENAI_BASE_URL	Optional compatible API base URL
NEXT_PUBLIC_GOOGLE_APPOINTMENTS_URL	Google Calendar booking link (includes Meet)
NEXT_PUBLIC_CONTACT_EMAIL	Contact email for mailto links

Google Meet booking setup: Google Calendar → Create → Appointment schedule → enable Google Meet → copy shareable link into NEXT_PUBLIC_GOOGLE_APPOINTMENTS_URL.

11. Contact & Book a Call

Book a call — Schedule a business conversation via Google Calendar. Each booking can include an automatic Google Meet link.

Contact — Use the website contact form for project inquiries: websites, software, IT support, marketing, or careers.
